

SPOT THE SPIRIT!

As we read the book of Acts throughout the season of Easter, we will be learning about how the Holy Spirit spread throughout the world. Over countless miles, through all different types of people, and in little and big ways, the Holy Spirit touched lives and transformed the way people thought about God and faith. Throughout the rest of the 50 Days of Easter, your family is encouraged to practice "Spotting the Spirit" AKA thinking about how the Holy Spirit is present in your lives and home.

The Holy Spirit showed up in big and small ways for the apostles and for the world in the book of Acts. Think about some of the ways the Holy Spirit helped or has been spotted in your life. Maybe it's something big! Or maybe it's something small! Like a tiny ladybug! Ladybugs are thought of as a symbol during Pentecost. Ladybugs are known as "helper" bugs since sometimes people release them into their garden to help fight off the bugs that eat the plants. Just like how ladybugs are sent out into the garden, we—with the help of the Holy Spirit—are sent out into the world to make it a better place.

Color and cut out the ladybug below. Parents, each night during the rest of the Easter season, hide the ladybug in a special spot in your house. In the morning, encourage your child to search for it, giving them hints and clues if needed.
