

# SPOT THE SPIRIT!

As we read the book of Acts throughout the season of Easter, we will be learning about how the Holy Spirit spread throughout the world. Over countless miles, through all different types of people, and in little and big ways, the Holy Spirit touched lives and transformed the way people thought about God and faith. Each week, there will be an activity for you and your family to practice “Spotting the Spirit” AKA thinking about how the Holy Spirit is present in your lives and home.

This week, the reading from Acts mentions that the Holy Spirit came from heaven like “like the rush of a violent wind” and filled the entire house, giving the people the ability to speak new languages so they could communicate with others to tell them about God. Think about how wind fuels and spreads a wildfire. The Holy Spirit works in the same way when it spreads through all of us as we share the Good News and goodness of God with others.

This Week's Activity: Color the flame below and cut it out. Take turns hiding it in places throughout your home. Get creative with where you hide it and, if needed, give clues and hints. Parents, when your children go to sleep, hide it and encourage them to find it every morning in a new spot!
